Presentation to 15th PNG Mining and Petroleum Investment Conference

Tim Richards, General Manager Simberi Operations, will present to the 15th Papua New Guinea Mining and Petroleum Investment Conference in Sydney, on Wednesday 5 December 2018.
This presentation has been prepared by St Barbara Limited ("Company"). The material contained in this presentation is for information purposes only. This presentation is not an offer or invitation for subscription or purchase of, or a recommendation in relation to, securities in the Company and neither this presentation nor anything contained in it shall form the basis of any contract or commitment.

This presentation may contain forward-looking statements that are subject to risk factors associated with exploring for, developing, mining, processing and sale of gold. Forward-looking statements include those containing such words as anticipate, estimates, forecasts, should, will, expects, plans or similar expressions. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company, and which could cause actual results or trends to differ materially from those expressed in this presentation. Actual results may vary from the information in this presentation. The Company does not make, and this presentation should not be relied upon as, any representation or warranty as to the accuracy, or reasonableness, of such statements or assumptions. Investors are cautioned not to place undue reliance on such statements.

This presentation has been prepared by the Company based on information available to it, including information from third parties, and has not been independently verified. No representation or warranty, express or implied, is made as to the fairness, accuracy or completeness of the information or opinions contained in this presentation.

The Company estimates its reserves and resources in accordance with the Australasian Code for Reporting of Identified Mineral Resources and Ore Reserves 2012 Edition ("JORC Code"), which governs such disclosures by companies listed on the Australian Securities Exchange.

*Financial figures are in Australian dollars unless otherwise noted.*

*Financial year is 1 July to 30 June.*

*This presentation published 3 December 2018.*

Simberi employees diversity

Simberi gender diversity

- Females, 14%
- Males, 86%
Commitment to upskilling our workforce

A$0.7 million spent on training in 2018
- 19 employees enrolled in apprenticeships.
- 3 employees appointed as qualified tradespeople
- 13 students were offered Work Experience
- 3 scholarships granted to university degree level students
- 5 graduated from Office Administration trainee program, 3 employed

Flexible Open & Distance Education (Free to employees & locals)
- 29 completed 1 or more subjects at year 10 to 12
A$7 million spent with Landowner businesses in FY18

Mine services:
• Bakery, market garden, wet mess management
• Boats (exploration & logistics)
• Earthmoving & trucking

Community support:
• Relocation of houses
• Roads & water maintenance
• Plantation and mariculture partnership development initiatives

Spending in the Community

Expenditure via Landowner companies

Community Support

Expenditure converted from US$ and PGK to A$ per Page 24 of the Sustainability Report released 14 September 2018.
Top Left & Top Right: Front of shop and admin staff at the Simberi Mine Services shop, within the mine administration area.
Bottom Left: Local women’s group at Simberi, PNG, during mine tour. Bottom Right: Simberi Mine Services shop.
Simberi’s Contribution to the Community

Clockwise from main photo above: Fred Hollows Foundation visit, October 2018, Simberi Ring Road, construction of new culverts, Clinic team with patient
Supporting the Community with Infrastructure and Services

**Road and water infrastructure, education, medical services**

- Maintaining roads, bridges, water supply, school and health clinics
- Ongoing efforts to eradicate malaria
- October visit by Fred Hollows Foundation
- November visit by Australian Doctors International (ADI)
- JV with ‘Books for PNG Kids’ charity to supply a library to Simberi school
- Provision and staffing of FODE (adult ‘flexible, open and distance education’)

Top: Construction of housing for teachers, Maragon village, Simberi PNG. Bottom – Delivery of books to Maragon Primary school – over 600 second hand children’s books sourced for the primary school via Company initiative in 2018.
Supporting the Simberi Community

Medical Support
- Provision of housing for government clinic
- Free issue of medication to all island residents through company clinic
- Vaccination campaigns and childhood immunisation programs

School Support
- Maintenance of classrooms, provision of books and stationery
- Joint venture with landowners to construct and maintain teachers’ houses

Community Policing Support
- Provision of vehicle for police operations
- Accommodation and meals onsite
- Travel to and from Simberi Island
Sustainable business development

- Simberi Mine Services (SMS) established as landowners company for sustainable business opportunities post mining
- Training in business acumen & accounting
- In 2018 fisheries business advisor engaged and hatchery established on mining lease

Business Development Initiatives

- Market Garden Complete FY16
- Chicken Farm Complete FY16
- Mariculture Expanding FY19
- Cocoa plantations Expanding FY19
Co-operative Cocoa plantation project

Company provided:

- Initial 5,000 seedlings, nursery for ongoing seedling production
- Initial plantation within the mining lease, labour provided by SMS with company assistance,
- Drainage ditches to prevent water-logging

Planned for 2019:

- Seeking further plantation land on Simberi island
- Providing seedlings and advice to further community groups in adjacent island group, assist with export via SMS co-operative
Domestic and Family Violence
• In 2018 St Barbara developed a Domestic and Family Violence Policy and implemented measures to support affected employees.

Gender safety
• In 2015 Simberi mine participated with 3 other employers in research on PNG undertaken by ‘Business Coalition for Women’:
  o 12% of women working in remote areas do not have secure transportation to and from work.
  o 10% of workplaces offer anti-harassment training to employees.
  o 56% of employed women believe their career has been affected because of a real or perceived safety concern.

Bob Vassie
Managing Director & Chief Executive Officer, St Barbara Ltd

St Barbara has implemented a number of initiatives to address women’s safety at work, including piloting the Business Coalition for Women’s Gender Smart Safety program at our Simberi Gold Mine. Although we are in the early stages of the program the feedback from staff has been overwhelmingly positive. We joined the pilot because we specifically wanted to improve the safety of our highly valued female employees, who have the right to feel safe at all times at work. However, it’s obvious the influence of the Gender Smart Safety program is already positively impacting the safety of everyone on site. As the MD and CEO of St Barbara, I’m proud to see our company leading the mining industry on such an important initiative. I am glad that St Barbara and Simberi Gold Mine have been involved up-front in the pilot program and recommend the Gender Smart Safety program to other companies in PNG.

**Notes**

1. Mineral Resources are reported inclusive of Ore Reserves.
2. Cut-off Grades: Gwalia (2.5g/t Au), Tower Hill (2.5g/t Au), Simberi Oxide (0.4g/t Au), Simberi Sulphide (0.6g/t Au).
3. Simberi Mineral Resources are reported constrained by a US$1,800/oz pit shell.
4. Data is rounded to thousands of tonnes and thousands of ounces. Discrepancies in totals may occur due to rounding.

Exploration Results
The information in this presentation that relates to Exploration Results for Simberi and Pinjin is based on information compiled by Dr Roger Mustard, who is a Member of The Australasian Institute of Mining and Metallurgy. Dr Mustard is a full-time employee of St Barbara and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Dr Mustard consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this presentation that relates to Exploration Results for Gwalia and the Leonora region is based on information compiled by Mr Robert Love, who is a Fellow of The Australasian Institute of Mining and Metallurgy. Mr Love is a full-time employee of St Barbara and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Mr Love consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

Mineral Resource and Ore Reserve Estimates
The information in this presentation that relates to Mineral Resources or Ore Reserves is extracted from the report titled ‘Ore Reserves and Mineral Resources Statements 30 June 2018’ released to the Australian Securities Exchange (ASX) on 27 August 2018 and available to view at www.stbarbara.com.au and for which Competent Persons’ consents were obtained. Each Competent Person’s consent remain in place for subsequent releases by the Company of the same information in the same form and context, until the consent is withdrawn or replaced by a subsequent report and accompanying consent.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original ASX announcement released on 27 August 2018 and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the original ASX announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person’s findings are presented have not been materially modified from the original ASX announcement.

We supplement our financial information reporting determined under International Financial Reporting Standards (IFRS) with certain non-IFRS financial measures, including cash operating costs. We believe that these measures provide meaningful information to assist management, investors and analysts in understanding our financial results and assessing our prospects for future performance.

**All-In Sustaining Cost**

All-In Sustaining Cost is based on Cash Operating Costs, and adds items relevant to sustaining production. It includes some, but not all, of the components identified in World Gold Council’s Guidance Note on Non-GAAP Metrics - All-In Sustaining Costs and All-In Costs (June 2013). Refer most recent quarterly report available at [www.stbarbara.com.au](http://www.stbarbara.com.au) for example.

**Underlying profit from operations**

Excludes impairment losses, corporate costs, exploration expenses, interest and tax. The measure is presented to enable an understanding of the underlying performance of the operations, which has not been subject to review or audit by the Group’s external auditors. Refer 2018 Annual Report (p4) for details, available at [www.stbarbara.com.au](http://www.stbarbara.com.au)
